AT HOME BY HUNT

Independence. Assurance. Value.

We are committed to providing you with the tools and the resources to maintain your independence with the assurance that you can do so in the home you know and love. The peace of mind we provide is the greatest value we could ever offer.

Continuing Care At Home

In our revolutionary Continuing Care At Home program, you are assigned a personal care coordinator, who is only a phone call, text or email away. They will become familiar with your history and needs, and be ready to customize a plan when your situation changes. That includes bringing assisted living or nursing care right into your home if or when needed.

Other benefits include lifetime coverage and access to many social, wellness and educational programs at or in conjunction with The Huntington at Nashua and Hunt Community, our two active Life Plan Communities.
